

Android Engineer – App/SDK

App/ SDKs is the team whose mission is to provide software and tools for spotsize usage in mobile apps for operating and for users who needs to use the spotsize service. Inside App/SDKs, you'll work evolving the spotsize service for the Android world. You will have the opportunity to build and enhance user experience, keeping up-to-date with our spotsize platform. This requires a deep and up-to-date knowledge of the platform and an innovative mindset that enables you to deliver solutions to the challenges that we face. If you are a highly motivated engineer who enjoys to work with technology in a diverse and international team, this is just for you.

WHERE YOUR EXPERTISE IS NEEDED

- You will be part of an agile frontend team that continuously improves and extends solutions around the lifecycle of spotsize's iOS and Android applications
- Together with your team, you will implement demanding solutions that will influence the way Android mobile applications are run with spotsize platform, integrated into the customer's e-Commerce landscape
- You will contribute mainly to the lifecycle of spotsize mobile frontend application while constantly aligning with your peers on the best practices, continuously improving development, delivery processes, and application architecture.

WHAT WE'RE LOOKING FOR

- You are an experienced Android developer who is eager to work with new technologies and is interested in challenging yourself with tasks outside of the normal of application's code
- You take the ownership for your work – from understanding the requirements, to implementation, testing, and documentation
- You have a good understanding of Android SDK, Kotlin, and Java
- You have several years of experience working in high performance teams and can independently drive technical discussions and facilitate complex decision making

PERKS AT WORK

- Start-Up culture, flexible working times and a nice and open atmosphere
- Culture of trust, empowerment and constructive feedback and a Friday which is our „creative day“ where you can spend the day for yourself, for learning a new language, working on an own project or just relax and follow your personal interests
- A smartphone (Android), free beverages and fruits, diverse sports and health offerings.

We celebrate diversity and are committed to building teams that represent a variety of backgrounds, perspectives and skills. All employment is decided on the basis of qualifications, merit and business need.
