

Intern (working student)

At spotsize, you work together with the creative and innovative minds in partnership and in a close exchange of know-how. We offer you an open work culture and an incomparable team spirit. We believe that job and passion are compatible and offer you the appropriate environment. For our technical challenges, we are looking for new colleagues who share our passion for working with the latest technologies. Love what you do - do what you love. Become a part of spotsize, a creative start-up that wants to change the world of online shopping!

WHERE YOUR EXPERTISE IS NEEDED

- You are currently studying computer science
- You have first knowledge in Java and other languages
- You have first experiences with microservices and cloud solutions
- You are interested in working with the latest technologies
- You are no stranger to testing and documentation
- Your way of working is structured, goal-oriented and comprehensible
- You enjoy presenting new ideas or concepts
- Business fluent German and English round off your profile

WHAT WE'RE LOOKING FOR

- You support your team in driving the technical foundation of our SaaS solutions
- You will work on the analysis and description of the existing and future functions of the basic infrastructure
- You will help identify weaknesses and optimization opportunities in our application, and work together to develop solutions and implement new features
- You carry out projects on your own responsibility in order to further improve the functionality and performance of our system
- You actively participate in maintaining the continuous availability, scalability, performance and automation of our SaaS solution.

PERKS AT WORK

- Start-Up culture, flexible working times and a nice and open atmosphere
- Culture of trust, empowerment and constructive feedback and a Friday which is our „creative day“ where you can spend the day for yourself, for learning a new language, working on an own project or just relax and follow your personal interests
- Free beverages and fruits, diverse sports and health offerings.

We celebrate diversity and are committed to building teams that represent a variety of backgrounds, perspectives and skills. All employment is decided on the basis of qualifications, merit and business need.
